

## BOARD OF DIRECTOR - AT LARGE

Evans Lake aims to be *Your Home in the Forest* and the premier forest education centre for youth in BC. Operating a spectacular facility located at Ch'iyakmesh on the unceded territory of Sk̓wx̓wú7mesh Úxwumixw (Squamish Nation), Evans Lake Forest Education Society's Board of Directors are the passionate group who lend their expertise and connections to drive our mission forward. Evans Lake hosts six thousand people a year, primarily in our youth programs.

Since 1960, Evans Lake has been providing unique outdoor education opportunities for children and youth in a spectacular camp setting. Our flagship summer camp program provides an unparalleled combination of fun, outdoor adventure and learning opportunities in an immersive experience that brings campers together for spectacular week-long adventure. Outside the summer season, we host schools from around the South Coast and deliver a unique environmental curriculum in the temperate rainforest.

With a stable and successful core camp program, we're at an exciting moment to look at how we can expand our capacity to offer programming year-round. To that end, we've commenced design work on a new dining hall facility and multi-purpose hall that will serve campers for generations to come. In addition to the fundraising and planning associated with this project, we are seeking individuals with diverse experiences that can provide strategic leadership.

This unique multi-day immersive experience continues to connect with thousands of youth every year, providing an incredibly special opportunity to learn in community. This type of learning environment has a proven ability to boost the development of relationship skills and self-confidence and fosters a life-long affinity for nature.
